EDUCATION

Master of Biomedical Discovery and Commercialization

Expected September 2027

McMaster University, Faculty of Health Sciences – Hamilton, ON

- Admitted to the graduate stage of McMaster's competitive 4+1 BDC program, integrating graduate business training with a pharmaceutical industry internship focused on commercialization and healthcare strategy.

Honours Bachelor of Health Sciences (HBHSc), Biomedical Discovery and Commercialization

Sept 2022 – May 2026

McMaster University, Faculty of Health Sciences – Hamilton, ON

- Completed the undergraduate stage of the 4+1 BDC program; senior thesis in computational biology under Dr. Andrew McArthur.
- GPA 11.2/12. Dean's Honour List (×7); Departmental Honour Roll in Biology; McMaster Academic Excellence in STEM Entrance Scholarship (top 10% of Faculty).

Women in Asset Management Participant

May 2024

Ivey Business School, Western University – London, ON

- Selected as one of 50 women nationally for the third cohort; exposure to investment strategy, portfolio management, risk assessment, and market analysis.

RESEARCH

Thesis Student, M.G. DeGroote Institute for Infectious Disease Research

Sept 2025 – April 2026

McArthur Lab – Hamilton, ON

- Researched antimicrobial resistance and built a pipeline integrating new Minimum Inhibitory Concentration (MIC) data into the Comprehensive Antibiotic Resistance Database (CARD).
- Applied Python and machine learning tools to automate and validate incoming data, streamlining a previously manual review process.

EXPERIENCE

Head of Community

Aug 2025 – Present

The Network (early-stage startup) – New York, NY

- Organized and hosted community “match parties,” coordinating app demonstrations, DJs, and events to introduce the platform and drive early user engagement.
- Worked with the founding team to consistently implement community engagement initiatives.

Global Markets Intern

May 2025 – Aug 2025

CIBC Capital Markets – Toronto, ON

- Supported client communications and coordinated 10–30 product launches for the Wealth Solutions Group's Equity-Linked Structured Notes desk within Sales & Trading.
- Authored a weekly client-facing email blast reaching 200+ clients, supporting ongoing client engagement and product visibility.

Analyst Intern – Global Beta, Overlays and Outcome Management

June 2024 – Aug 2024

CIBC Asset Management – Montréal, QC

- Analyzed portfolio risk using Bloomberg's PORT Enterprise suite (PORT, PM, PREP, JMGR) to support optimization and navigate global market conditions.
- Introduced a control-file methodology to the Total Investment Solutions team, improving consistency across personalized client report packages.

EXTRACURRICULAR AND VOLUNTEER

Credit Analyst

Sept 2024 – Dec 2025

DeGroote Finance and Investment Council (DFIC) – Hamilton, ON

- Collaborated with a team of six to research and build an investment pitch presented to the board of directors; the recommendation was adopted into the 2025 portfolio strategy.
- Conducted credit analysis on a prospective security, evaluating financial health and risk to support the team's buy recommendation.

Conference Ambassador

Nov 2024

50th International Conference, Business Today (Princeton University) – New York, NY

- Represented McMaster at a fully-funded global conference connecting students and executives; promotes the 51st IC to prospective attendees.

CANsail Instructor & Racer

Summer 2012 – Present

Stoney Lake Yacht Club – Stoney Lake, ON

- Taught CANsail Levels 1–4 and organized weekend races for club alumni, including former Olympians and World Championship medalists.
- Competed in a two-person trapeze and spinnaker Class 420 boat across regattas throughout Ontario.
